Navigation detail

1) Condensed Nav Bar for expanded viewing OR for quick access to certain parts of the site.

Expand/Close Nav bar

Dashboard Content

1) Even distribution of tailored widgets allowing LPs to observe and prioritise tasks each day accordingly.

2) Add icon for users allows an on boarding pop up modal window so that LPs can create a widget to add to their home page.

3) All widgets can be positioned according to the LPs taste.

4) For new users an Empty Slate screen will read “You haven’t added any widgets yet” or similar copy that will entice the user to explore and add more widgets to their preference.
