Search

From the HP, the user can

1) Click on the search Icon in the top right of the page

2) Click the search icon on the left hand vertical nav to search for an employer, contact, student placement.

Search function & Results

The search screen operates on a multiple step search pattern:

1) The user enters types in an employer name into the search bar (top left) then filters search results with a layer of search options as per option 01 prior.

NB. The multi filter icon will expand and retract suitable for mobile, tablet but will appear on one line as per pc browser.

2) Results appear immediately underneath.

3) User can select a “sort by” icon allowing them to display results by contacts, employer, student etc.

NB. User may message any employer via the edit icon dropdown in the search results widgets.

User can “add” an employer record which takes them to the employer records form (next)
